

# Legal process automation

## Draft, sign and store e-documents

### Draft

Use document forms free of charge!

- ✓ forms of contracts and other documents are available on the platform
- ✓ each form has been prepared by a qualified lawyer or attorney-at-law
- ✓ receive the online consultation by the author of the form

[Learn more >](#)

### Sign

Sign documents with the Smart-ID, e-ID card (mobile-ID is being introduced)!

- ✓ the electronic signature is equivalent to the signature attested by the notary
- ✓ legally valid in any European Union Member State
- ✓ secure the signature by the other transaction party fast without leaving your office

[Learn more >](#)

# Automated contracts and electronic signature

Electronic signature is changing how legal processes work -  
notaries, banks, municipalities,  
Enterprise Register, Land Register, State Revenue Service.

# Save time and be more efficient

Our platform provides:

+ standard and "smart" automated document templates;

+ advice from experienced lawyer available online;

+ electronically sign & share with client or colleague;

+ store safely in the cloud and access when needed.

A photograph of a SpaceX Falcon Heavy rocket launching from a launch pad. The rocket is ascending vertically, leaving a large plume of white smoke and fire. In the foreground, there is a large white building with the word "SPACE" written on it in blue letters. The sky is clear and blue.

<https://smartlaws.eu>

Platform launched on 29.08.2019:

+ interest from users;

+ interest from lawyers;

+ interest from investors.
